Test Rail

<https://www.testrail.com/>

The screenshot displays the TestRail website. The top navigation bar includes the TestRail logo (An Idera Inc. Company), links for Product, Enterprise, Pricing, and Resources, and a 'Try TestRail' button. The main content area features a dark blue background with the text 'TestRail: Comprehensive Test Case Management for QA and Development Teams'. On the right, a preview of a test run result is shown, including a progress bar and the text '74 Passed'.

TdeA testing site

Use the default template

The screenshot shows the 'Add Project' form in the TestRail QA dashboard. The form is titled 'Add Project' and has tabs for 'PROJECT', 'ACCESS', 'DEFECTS', 'REFERENCES', and 'USER VARIABLES'. The 'PROJECT' tab is active. The form contains the following fields and options:

- Name ***: A text input field containing 'TdeA testing site'. Below it is a hint: 'Ex: New Widget, Intranet or Payroll Software'.
- Announcement**: A large text area for posting an announcement to the project overview page.
- ☐ **Show the announcement on the overview page**
- Repository Selection**: A section with two options:
 - ☒ **Use a single repository for all cases (recommended)**: A single test suite(repository) is easy to manage and flexible enough for most projects with no or few concurrent versions. You can use sections and subsections to further organize your test cases.
 - ☐ **Use multiple repositories for different cases**: (Not visible in the screenshot, but implied by the context).

The screenshot displays the TestRail QA dashboard. At the top, the header includes the TestRail QA logo, a search bar, and user information (Working On, cristian villa, Help & Feedback). The main navigation bar shows 'DASHBOARD' and 'ADMINISTRATION'. The 'ADMINISTRATION' section is expanded, revealing a sidebar with options: 'Overview' (Manage projects, users and global settings), 'Projects', 'Users & Roles' (highlighted), 'Customizations', 'Integration', 'Data Management', and 'Site Settings'. The main content area under 'Overview' features a trial expiration notice: 'Your TestRail trial expires on 5/8/2023'. It explains that users can create a subscription to upgrade to a full account, billed based on the maximum number of active users each month. Below this notice are two buttons: '+ Create Subscription' and 'Order Licenses'. To the right of the notice, a 'You can:' section lists actions: 'Create a subscription', 'Purchase licenses', and 'Get a quote or contact support'. At the bottom left, the 'Your Subscription Status' section is partially visible.

Your TestRail trial expires on 5/8/2023

You can create a subscription to upgrade your trial to a full account. TestRail is billed based on the maximum number of users that you have marked active each month. Please adjust your user count as needed before creating a subscription. If you prefer an installation on your own server, you can order licenses in the Gurock Software online shop instead.
